## New funding available for businesses

The government has released new funding support for non-essential retail, hospitality, accommodation, leisure, personal care and gym businesses.

The Restart Grants are there to support businesses that are predominantly reliant on delivering in-person services for the general public.

Non-essential retail can apply for grants of up to £6,000 and hospitality, accommodation and gyms could be eligible for up to £18,000.

To apply, businesses must fit the following criteria:

- The property from which the service is provided must be shown in the local rating list
- The business must have been trading on 1 April 2021.
- The business must not have already received grant payments that equal the maximum permitted subsidy allowances.
- Businesses must not be in administration, insolvent or have a striking-off notice made on Companies House.

Cllr Matthew Dickins, the Council's Cabinet Member for Finance and Investments, says: "Just as the coming of spring has brought better weather and turned darkness into light, we've seen with the easing of restrictions life brought back to our high streets too.

"This further set of grants will help thousands of local businesses get over that final hurdle in what will have been their toughest year, allowing them to once again return to our towns and villages the vibrancy and vitality for which the Sevenoaks District is renowned."

## Bank Street boost for town

Sevenoaks District Council is helping to transform Bank Street in Sevenoaks into an area for al fresco dining and drinking to help with the reopening of the hospitality sector after lockdown.

From today, two local pubs, the Anchor and the Restoration, and three eateries, Basil, Sopranos and Eat for Energy, can serve outdoor-seated customers in the pedestrianised town-centre street.

Businesses can serve customers outdoors from Monday to Sunday, 10am to 11pm.

Cllr Peter Fleming, Leader of Sevenoaks District Council, says: "We are doing everything possible to support our local businesses as we come out of lockdown. Opening Bank Street for safe, outdoor eating and drinking will really help local hospitality businesses with little or no outdoor space.

"I'm confident this new outdoor hospitality area will complement the space Sevenoaks District Council has already gifted Sevenoaks Town Council for their new outdoor market over the summer, giving residents and visitors even more reasons to visit the town, and giving the wider town economy a real boost.

"We want to thank Kent Highways for allowing us to use Bank Street and Sevenoaks resident Matthew Neave for promoting the idea."

Sevenoaks District Council's Town Centre Ambassadors and local businesses will work together to help keep the area safe for everyone. If successful, the outdoor seated area could stay in place until the end of September 2021.
