

Dear Sevenoaks Resident,

Sevenoaks District Council has commissioned a study to look into the housing needs of its older residents. A district-wide survey is a key component of the study and this is where we would really appreciate your help.

We want to hear from residents aged 60 and over about the suitability of their current homes, the sort of homes they may need in later life and the locations where they feel new homes are needed. Please feel free to share this survey with those it concerns.

Please find a link to the survey here
www.sevenoaks.gov.uk/housingsurvey

*Come Join us for some live music at the
Vine Bandstand*
