## The Highway Code: 8 changes you **need** to know

Rules for all types of road users have been updated in The Highway Code to improve the safety of people walking, cycling and riding horses.

The changes to The Highway Code come into effect from today (29 January 2022).

There are changes in 8 important areas:

- **introducing a new hierarchy of road users**
- **crossing the road at junctions**
- **walking, cycling, or riding in shared spaces**
- **positioning in the road when cycling**
- **overtaking when driving or cycling**
- **cycling at junctions**
- **people cycling, riding horses and driving horse-drawn vehicles on roundabouts**
- **parking, charging, and leaving vehicles**

### Why staying up to date is important

It's important that everyone understands their responsibility for the safety of other road users.

Many of the rules in the code are legal requirements, and if you disobey these rules you're committing a criminal offence.

If you do not follow the other rules in the code, it can be used in evidence in court proceedings to establish liability.

In total, 10 sections of The Highway Code have been updated, with 50 rules being added or updated. You can find a summary of all the changes in [The Highway Code updates list](#) on GOV.UK.

# Kent Fraud Alert System

TO STOP FRAUD™

## Fraudsters impersonating Police Officers

This week there have been several reports of people in the Maidstone and Ashford areas getting calls from fraudsters impersonating London based Police Officers and trying to persuade them to hand over their bank cards. The fraudsters have been stating that they want them to assist with an investigation as offenders had been arrested in possession of their bank cards. Some of those called were told that someone would be sent to collect their credit card(s) so that these could be safeguarded.

Any calls like this are a SCAM. Police will never call you asking you to hand over your cards or to withdraw cash for them to collect for safe keeping. If you get a call like this, then disconnect the call. If you're ever unsure if a caller is genuine, remember the principle of ABC and Never Assume or Believe a caller is genuine and confirm by calling them back on a trusted number. Never ring them on a number that they have provided. Try to use a different phone to the one you have been rung on as fraudsters can remain on the line, even if you think they have been disconnected. If you have no alternative phone to hand, then wait 5 -10 minutes and then ring the number of a family member or friend to confirm the line has been cleared.

If you think that you may have been a victim of this type of scam, then contact your Bank immediately and report it to Action Fraud at [www.actionfraud.police.uk](http://www.actionfraud.police.uk) or calling 0300 123 2040.

## Fraud Alert from Action Fraud

Action Fraud reported this week that they received over 700 reports in 72 hours about Phishing emails impersonating McAfee. The emails will state that there is a problem with your membership and that you need to click on a link, otherwise, you maybe at risk from Malware. By clicking on the link, you will be directed to a fake but realistic website, where they will seek to steal not only your personal information but your financial data as well.

The golden rule is never to click on links in unsolicited emails and if you ever receive an email that is suspicious then forward to [report@phishing.gov.uk](mailto:report@phishing.gov.uk)

If you think that you may have been a victim of this type of scam, then contact your Bank immediately and report it to Action Fraud at [www.actionfraud.police.uk](http://www.actionfraud.police.uk) or calling 0300 123 2040.

## SCAM WARNING

## Watch out for these FAKE McAfee emails

Action Fraud has received 749 reports in three days relating to fake emails purporting to be from McAfee. The emails state that the recipient's computer "could be at risk" from "viruses and other malware" if they don't renew their anti-virus subscription. The links in the emails lead to phishing websites that are designed to steal your personal and financial information.

Your bank, or any other official organisation, won't ask you to share personal information over email or text. If you need to check that it's a genuine message, contact them directly.

Spotted a suspicious email? Forward it to the Suspicious Email Reporting Service (SERS) - [report@phishing.gov.uk](mailto:report@phishing.gov.uk)
