### **Report to Sevenoaks Town Council on the Masterplans for Town Centre & St John's Hill**

In May 2023 following a public referendum the Sevenoaks Town Neighbourhood Plan was adopted and has now become part of the statutory development plan for Sevenoaks. The Neighbourhood Plan sets out a future vision for the town and includes a number of objectives and policies to deliver the vision.

The Town Council is now moving forward with the next steps to delivering this vision and has commissioned the preparation of a masterplan for Sevenoaks town centre and a separate masterplan for the St. John's Hill area. These masterplans will provide spatial visions for these important parts of the town and progress some of the objectives and policies in the Neighbourhood Plan. This will include for instance preparation of design guidance for particular sites, consideration of the opportunities to improve the pedestrian environment and reduce the impact of traffic in the centre, and the potential to better link or enhance cultural attractions and to introduce more green infrastructure (for instance street trees, planting, and rain gardens) and enhance biodiversity in the centre.

The masterplans will be prepared collaboratively with the input of many people and organisations that care about and have an interest in Sevenoaks.

We have appointed masterplanners Urban Initiatives Studio to prepare the masterplan and they will facilitate the workshop with support from transport and public realm experts, Urban Movement. They will outline the purpose, scope, and timescales for preparing the masterplan and how you can get involved and shape its content. Following a brief introduction our consultants will lead, weather permitting, a 'Placecheck exercise' in the town centre to explore what works well and what works less well. We will then hold round table discussions to agree the future vision for the town and the issues and opportunities that the masterplan should seek to address.

At the previous Town Team meeting Sevenoaks Town Council provided an update including the specification for its proposals for two Masterplans for the Town Centre & St John's Hill. The Town Council are starting to put in place arrangements to progress the Masterplan(s). Please see outline of this below.

- UIS will be holding a meeting and discussion with STC Councillors in the near future.
- It is hoped that a separate online meeting will be held with Town Team members.
- UIS will be contacting as many people as possible on the contact list STC have supplied for one to one discussions via zoom calls.
- At present there are 3 initial Stakeholder meetings to be arranged:
  - i) Town Centre - At Stag Tuesday 23<sup>rd</sup> April 4 – 7 p.m.
  - ii) St John's Hill – At STC Offices Tuesday 30<sup>th</sup> April 4 – 7 p.m.
  - iii) Cultural Quarter – details tbc.
- All of the above and potentially more will be fed into a first draft document and plans for public consultation.
- UIS will be attending the Sevenoaks Business Show on 7<sup>th</sup> June 2024 to engage further with local businesses about the Masterplans.
- STC have provided SDC with all details and specification of its Masterplan(s) proposals as requested. It was agreed that SDC would share with STC its proposals and a coordination would be made between the two authorities' consultants.
